

LECORP[®]

MANUFACTURERS' REPRESENTATIVES
MATERIAL HANDLING SYSTEMS SUPPLIERS

LECORP is an innovative, engineering-oriented sales organization dedicated to servicing the mining, manufacturing, and process industries by providing efficient, effective solutions to material processing, handling, control, and environmental problems.

• Mechanical Conveying

Belt conveyors, drag conveyors, apron conveyors, slat conveyors, roller conveyors, screw conveyors, vibrating conveyors, feeders, bucket elevators, unit handling equipment.

• Pneumatic Conveying

Dilute, dense phase designs, vacuum, vacuum / pressure systems, rotary airlocks, diverter valves, filter receivers, blower packages, piping / conveying elbows / coupling and accessories, venturi eductors for dry solids and slurry conveying.

• Air Handling / Pollution Control

Industrial / centrifugal exhausters, pulse-jet, shaker dust collectors, high efficiency scrubbers and cyclones, precipitators, VOC removal systems, central vacuum cleaning.

• Instrumentation and Controls

Ultrasonic, strain-gauge and direct support bin level, control batching systems, paddle-type, plumb-bob, capacitance and tilt switches, solids flow detectors, vibration switches and monitors, hand-held vibration meters and analyzers.

• Bagging and Palletizing

Air, auger packers, bag placers, bag flatteners, box, drum and bulk bag filling systems, automatic and semi-automatic palletizers, stretch and shrink wrap systems.

• Processing Equipment

Vibratory feeders, conveyors and screens, volumetric and gravi-metric feeders, hammer mills, roller mills, crushers and shredders, belt scales, metal detectors, bin dischargers, fluid-bed systems, electric / pneumatic vibrators.

• Bulk Storage

Welded and bolted storage silos, tote bins and hoppers, concrete stave and cast-in-place silos, bulk bags.

• Loading and Unloading

Unit train, barge and bulk truck loaders and unloaders, batch and in-motion weighing, telescoping chutes and loading spouts.

-REPLACEMENT PARTS AND SERVICE-

☐ Tubing - Piping and Fittings

- 2" - 40" Sizes
- Carbon Steel, Stainless Steel, Aluminum
- Straight Lengths, Elbows
- Line/Compression Couplings
- Camlock Fittings

☐ Dust Collector Components/Services

- Bags/Cages for all Models
- Timer Boards
- Differential Pressure Gauges
- Solenoid/Diaphragm Valves

☐ Material Flow Accessories

- Electric/Pneumatic Vibrators
- Vibrating Bin Dischargers
- Flo-Pads/Airblasters
- Solids Flow Detectors

☐ Hose, Tools and Accessories

- Central/Portable Vacuum Cleaning Systems
- Pneumatic Transfer Components
- Flexible Hose for Air/Material Handling

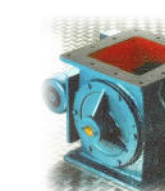

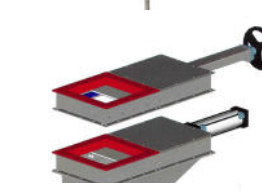

☐ Level Controls

- Direct Support Weighing
- Ultrasonic Level Indicators
- Paddle-Type Units
- Capacitance/Inductive

☐ Replacement Gates/Valves

- Slide/Rolling Blade Gates
- Diverter/Rotary Valves
- Venturi Eductors for Solids/Slurries
- Butterfly Valves

☐ Conveyor Capabilities

- Specialty Roller Conveyors
- Flexible Wall, Apron, Drag Conveyors
- Gravity/Chain Driven Roller Sections
